# CACTUS and SUCCULENTS

from  
all over the world

There are so many varieties  
unknown to us, we are com-  
pelled to list only a part of  
our large stock.

You are cordially invited to  
visit the nursery at any time  
—It's an education.

Phyllo Cactus Farm  
5633 Sunset Boulevard  
HOLLYWOOD, CALIFORNIA

## TERMS

Remit by post office or express money order, registered letter, or personal check.

If wanted by parcel post, add postage as follows: on orders from states west of the Mississippi river, add 10 per cent; if east of the Mississippi add 20 per cent.

Large plants sent by express collect. C. O. D. orders not accepted.

## CULTURAL HINTS

Air, light and good drainage is what cactus and the like plants of a succulent character should have in the first instance.

Best soil in general is a mixture of three parts of loam, one part of leaf mould and two parts of sand.

For the globular species, like echinocactus, better use coarse sand instead of leaf mould.

Plant them as shallow as possible.

Water your plants well and thoroughly, and, when the soil gets dry, water again.

## CACTUS

<b>Anhalonium Fissuratum</b> (The Living Rock) .....	.75 to 2.00
<b>Astrophytum Myriostigma</b> (The Bishop Hood) .....	1.50 to 10.00
<b>Astrophytum Ornatus</b> .....	2.00 to 15.00
<b>CEREUS Baumanii Var. Colubrinus Cristate</b> (Cleistocactus) .....	
<b>Beneckeii</b> .....	
<b>Bonenkii</b> (Myrtillocactus) .....	
<b>Candicans</b> (Trichocereus) .....	
<b>Childsii</b> .....	7.50 to 50.00
<b>Chilensis Monstruosa</b> .....	1.00 to 350.00
<b>Cochal</b> (Myrtillocactus) .....	
<b>Eburneus</b> .....	
<b>Emoryi</b> (Bergerocactus) .....	.50 to 7.50
<b>Flagelliformis</b> (Aporocactus) .....	.50 to 15.00
<b>Formosus Monstruosa</b> .....	.75 to 10.00
<b>Geometrizans</b> (Myrtillocactus) .....	2.00 to 15.00
<b>Giganteus</b> (Carnegiea) .....	1.50 to 50.00
<b>Grandiflorus</b> (Selenicereus) .....	.35 to 15.00
<b>Hankeanus</b> .....	
<b>Innominatus</b> (Trichocereus) .....	
<b>Jamacaru</b> .....	
<b>Lamprochlorus</b> (Trichocereus) .....	1.00 to 25.00
<b>Marginatus</b> (Pachycereus) .....	.50 to 250.00
<b>Marginatus Cristate</b> .....	
<b>Peruvianus</b> .....	.50 to 25.00
<b>Peruvianus Hexagonus</b> .....	.75 to 15.00
<b>Peruvianus Longispinus</b> .....	.75 to 15.00
<b>Perucianus Longispinus Monstruosa</b> .....	1.00 to 500.00
<b>Pitahaya</b> (Red Blossom) .....	1.50 to 750.00
<b>Schottii</b> (Lophocereus) .....	
<b>Senilis</b> (Cephalocereus)—The Old Man... Have seedlings now and then.	35.00 to 200.00
<b>Serpentinus</b> (Nytocereus) .....	.25 to 15.00
<b>Silvestrii</b> (Chamacereus) .....	
<b>Spachianus</b> (Trichocereus) .....	1.00 to 25.00
<b>Spinulosus</b> (Selenicereus) .....	
<b>Thurberi</b> .....	5.00 to 35.00
<b>Tortuosa</b> (Harrisia) .....	1.00 to 15.00
<b>Undatus</b> (Hylocereus) .....	.50 to 2.50
<b>Wercle</b> (Selenicereus) .....	
<b>ECHINOCACTUS ACANTHODES</b> (Ferocactus) .....	
<b>Corniger</b> (Ferocactus Latispinus) .....	.50 to 3.00
<b>Grusonii</b> (The Golden Barrel) .....	.50 to 50.00
<b>Horizonthalonius</b> .....	.50 to 1.50
<b>Ingens Var. Visnaga</b> .....	
<b>Intertextus</b> (Echinomastus) .....	
<b>Intertextus Var. Dasyacantha</b> .....	.50 to 1.50
<b>Johnsonii</b> (Ferocactus) .....	.50 to 1.00
<b>Polycephalus</b> .....	.50 to 7.50
<b>Texensis</b> (Homalocephala) .....	
<b>Uncinatus</b> (Ferocactus) .....	.50 to 1.50
<b>Wislizenii</b> (Ferocactus) .....	.50 to 25.00

\*\*\*\*\*

## ECHINOCEREUS CANDICANS

(The Rainbow).....	.25 to	1.50
Chloranthus .....	.25 to	1.50
Coespitous .....	.75 to	1.50
Conoides .....	.50 to	2.50
Dasyacanthus .....	.50 to	2.00
Fendleri .....	.50 to	1.00
Polyacanthus .....	.50 to	5.00
Rigidissimus .....	.50 to	2.50
Rosei .....	1.00 to	3.00
Stramineus .....	.75 to	3.00
Viridiflorus .....	.50 to	1.50

<b>ECHINOPSIS Eyriesii</b> .....	.15 to	7.50
Eyriesii Cristate.....		
Huottii Bolivio.....	.50 to	25.00
Mulleri .....	.25 to	7.50
Multiplex .....		
Oxygona .....		
Schickendantzii (Gymnocalycium).....		

## ZYGOCACTUS (Epiphyllum or Christmas Cactus)

Many varieties from .25 to 25.00

### Leuchtenbergia Principis.....

Lophophora Williamsii (The Mescal Button)	.75 to	1.50
---	--------	------

<b>MAMILLARIA Applanta</b> .....	.50 to	1.50
Compressa (Neomamillaria).....	1.00 to	15.00
Decipiens .....		
Elongata Stella Aurata (Neomamillaria) ..	1.00 to	5.00
Goodrichii .....	.35 to	1.00
Grahamii .....	.35 to	1.00
Greggii .....	1.00 to	2.00
Microcarpa .....	.75 to	3.00
Micromeris (Epithelantha).....	1.00 to	2.00
Radiosa .....	.50 to	1.00
Recurvata .....	.75 to	2.00
Scheerii .....	.50 to	3.50
Tuberculosa .....	.35 to	1.50

<b>OPUNTIA Arborescens</b> .....	.25 to	5.00
Arborescens, Cristate.....		
Auranticaca .....		
Basilaris .....	.15 to	2.00
Bigelowii .....	.25 to	1.50
Braziliensis .....	1.00 to	25.00
Camanchica .....		
Cylindrica .....	.25 to	5.00
Cylindrica Cristate.....		
Elephantideus Argentina.....	.75 to	15.00
Fulgida .....	.25 to	1.50
Fulgida Cristate.....		
Frutescens .....	.25 to	1.50
Gosseliniana .....		
Imbricata .....	.25 to	2.00
Imbricata Cristate.....		
Leucotricha (Senilis).....	.25 to	5.00
Leucotricha Cristate.....		
Linguaeformis .....	.15 to	3.00
Microdasys .....	.15 to	5.00
Microdasys Rufida.....	.25 to	5.00
Minima (or Tuberculata).....	.75 to	5.00
Missouriensis .....	.25 to	1.00
Ovata .....	.25 to	3.50
Phaeacantha .....	.15 to	2.00
Polyacantha .....	.25 to	5.00
Ramosissima .....	.15 to	3.00
Stapeliae .....		
Subulata .....	.35 to	5.00
Ursina .....	.25 to	5.00
Velutina .....	.50 to	10.00
Vulgaris Variegata.....	.50 to	5.00

## FERESKIA

Several Varieties from.....	.25 to	2.50
-----------------------------	--------	------

## PHYLLOCACTUS

We can not count exact number of varieties, from.....	.50 to	25.00
---	--------	-------

<b>RHIPSALIS CASSYTHA</b> .....	.25 to	2.00
Mesembrianthemoides .....	.25 to	1.50
Paradoxa .....		
Salicornioides .....	.25 to	2.00

# SUCCULENTS

<b>AGAVE Americana</b> .....	.15 to	2.50
<b>Americana Aur. Marg.</b> .....	.20 to	3.00
<b>Americana Fol. Variegata</b> .....	.50 to	10.00
<b>Albicans</b> .....	2.00 to	15.00
<b>Attenuata</b> .....	1.50 to	10.00
<b>Compacta</b> .....		
<b>Decipien</b> .....	.15 to	2.00
<b>Desertii</b> .....	.20 to	1.00

<b>Several South American Varieties and Very Rare Specimens, from</b> .....	.50 to	150.00

## A Suggestion

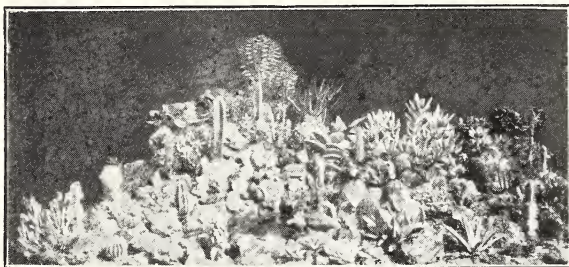

If you will mail us a description of your plan, giving space; whether outdoors or for pots inside; your local climatic conditions; whether you wish to plant native cactus or foreign, or principally succulents, we will furnish you with costs together with expert advice regarding your particular problem—without obligation.

## Please Note

**Native Cactus** must be watered carefully to avoid rotting.

**Succulents** need more water than either the native or the foreign cactus.

**Foreign Cactus** has been bred to stand considerable moisture.

SPECIMEN GARDEN

## Make *your own* Cactus Garden

*A \$31 listing for \$25*

Plants and rocks f.o.b. Los Angeles

Size of box—44 inches by 32 inches.

Pool—169 square inches (approx. 6 inches deep).

Number of Plants in This Garden:

7 Cereus	3 Rhipsalis
1 Mamillaria	3 Crassula
2 Aloe	1 Gasteria
2 Echeveria	6 Mesembrianthemum
1 Kalanchoe	1 Stapelia
3 Sempervivum	1 Agave
1 Echinocactus	1 Dyckia
12 Opuntia	2 Haworthia
1 Cotyledon	1 Rochea
7 Euphorbia	1 Yucca
2 Kleinia	
17 Sedum	Volcanic Rocks
1 Echinopsis	

In this pool, several aquatic plants and a pair of Paradise Fish add to the beauty of this plan.
